Home Learning

Curriculum Guide 2021

Spring 1

This Home Learning Curriculum Guide has been produced to give students (and families) an outline of the learning they will be covering during the period of lockdown. The guide has subject specific curriculum information so that students can work independently as well as access the daily live lessons.

At the end of this guide, you will find the timetable which indicates lessons where learning is posted in Google Classroom as well as live lessons.

We have included a list of websites for students to visit to support their learning. We hope this will encourage them to explore subjects beyond what is outlined in the Home Learning Curriculum Guide.
